

WEINGUT ROBERT WEIL

100 % Rheingau – 100 % Riesling
100 % Estate bottled – 100 % certified organic and sustainable

Today, Weingut Robert Weil, founded 1875, is run by Wilhelm Weil, the fourth generation of the family. The estate's 90 ha (222 acres) of vineyards, cultivated exclusively certified organic and sustainable, are planted 100 % with Riesling. The concentration on Riesling in the hillside vineyards of Kiedrich, a strict sustainable and yield-reducing work in the vineyards, selective hand harvest and extremely gentle vinification in stainless steel tanks or traditional wooden barrels ("Doppelstück") guarantee the production of individual and great wines. Thanks to this consistent quality management, each predicate from Estate Level ("Gutswein") to Gräfenberg (GROSSES GEWÄCHS "GG") to Trockenbeerenauslese has been harvested continuously in a globally unique series of individual vintages since 1989 at Weingut Robert Weil. Today, many observers of the international wine scene view Weingut Robert Weil with its "Château character" as a global flagship and symbol of German Riesling culture.

Weingut Robert Weil Rheingau Riesling CHARTA

WINE ORIGIN

In 1984, the association of CHARTA wine estates was founded in the Rheingau. The goal of the Rheingau CHARTA estates was to produce a classic, origin-focused Rheingau Riesling with a stylistically dry taste, subject to mandatory quality standards and intended as an ideal food companion. With its reliable typicity, CHARTA Riesling also found success on the international stage. Since 1988, the CHARTA association, with its "Erstes Gewächs" wines, has been the historical driving force behind the VDP's quality initiative to classify vineyard sites and their clearly defined origins.

STYLE OF WINE

A classic, dry Rheingau Riesling that shows all the facets of its origin of the winery's hillside sites: a CHARTA in its purest form, which is only sold one year after the harvest and can be recognized by its capsule with the Romanesque CHARTA double arches.
